Course Description

OVERVIEW:

This is an open level course designed for North Toronto students who have completed a grade nine Band course or who have equivalent experience on their instrument and in music theory. The program will focus on individual and ensemble performance and provide a grounding knowledge of music theory, history, analysis and composition.

Performance: Areas covered will include technique (e.g., breath control, posture, tone production, intonation, articulation), musicianship, ensembles and solo performance.

Theory/Composition: Identification and use of melodic and rhythmic notation and musical terms. Compositional assignments will include arranging, rhythmic composition and melodic composition.

History/Listening/Analysis: In-class listening will include both recorded and live performances. Emphasis will be on analysis of different musical elements and the study of rhythmic, interval and melodic dictation.

Assessment and Evaluation

TYPES OF EVALUATION:

Students will discuss and confirm evaluation criteria at the beginning of the year. Students are evaluated individually in relation to their own rate of progress within a class expectation.

Performance technique tests: Regular daily assessment as well as individual tests and quizzes will be held to examine progress in posture, tone production, intonation, articulation, musicianship and reading skills.

Written submissions: Written assignments will occur in the form of compositions, history assignments, theory quizzes, theory homework, listening quizzes, and concert reviews. Written evaluations of personal achievement will be handed in after each performance test.
